President's Report

It is a good turnout for the new site of the club meetings.

The date for the "Crank It Up" event has been changed to 22nd to 24th May, 2020 due to Chris Tage losing everything in the fires.

Vice President's Report

Thank you to John Nader for the kind use of his premises.

Tim Collins is back in hospital waiting for an operation.

Thank you to the helpers for their assistance with tonight's BBQ. A vote was taken on whether the pre-meeting BBQ should continue. It was a resounding yes! We will be needing a co-ordinator for future BBQs. Any volunteers??

If anyone has a surplus gas bottle it would be appreciated if it could be donated to the club.

There is now a library in the shed for all members to use which includes manuals and other books and magazines of interest.

RMS is investigating clubs for people using the 60 Day scheme illegally. This could come back to our club so please do the right thing. We would hate to lose our accreditation.

Secretary's Report

A thank you email was received from Mary from the Eurobodalla Show for the members who attended the Community Day. It was a great success, the cars were a hit and \$3600 was raised which is to be shared between the 23 local fire brigades.

I have magazines from various car clubs for members perusal.

If members did not receive my last email please contact me as I had a lot of bounce-backs with the last send out.
